Declaration of compliance

FDA Regulation for materials for food contact use

Product: H250/F, H250/RR

We confirm that the wetted parts of our instruments comply with the FDA regulations on materials and articles intended to come into contact with food. FDA considers stainless steel as GRAS for food contact use (Generally Recognized As Safe).

Optional ceramic float dampeners on H250/RR comply to FDA CPG 7117.06 and CPG 7117.07.
