KROHNE is an innovative process instrumentation and measurement solutions company operating in more than 40 countries. Through continuous research and development and a consistent customer orientation, we are one of the leaders in our industry. KROHNE Limited, based in Wellingborough, Northamptonshire is the KROHNE group's centre of excellence for Coriolis mass flowmeter technology with over 90% of production destined for the export market.

KROHNE Limited is looking for a

SEGMENT MANAGER – VACCUM BRAZING

An exciting opportunity for the ideal candidate to run the operational management of our new furnace and all production pre and post treatment inspections and preparation works.

Your main responsibilities:

- Day to day management of a small team of production operators responsible for all pre-braze and post vacuum brazing quality inspection and vacuum brazing processing
- Management of all brazing furnace tooling including compliance with quality standards achieved via rigorous routine inspection and scheduled TPM activities.
- Compliance and adherence of all vacuum brazing activities within precise control parameters as defined in associated work instructions.
- Creation, delivery and execution of detailed vacuum brazing furnace production plans
- Management and execution of all aspects of team quality and delivery performance achievement via proven techniques i.e. CI/8D/PDCA

A full job description is available on request

Your qualifications and experience:

- Proven experience in a HMLV manufacturing organization within a supervisory, management, technical capacity
- Exceptional wide and detailed knowledge of high value precision vacuum brazing
- Excellent knowledge and hands on experience of lean manufacturing techniques
- Ability to read/interrupt and communicate complex drawings and procedures

We offer:

A competitive salary with excellent benefits

Other:

Unfortunately, we can only process applicants who are eligible to work in the UK

If interested, please send your CV with a covering letter stating your salary requirements to:
